

# THE ABSOLUTE TIME INQUIRY

by

Philip Mazeikas

1. Justification upon premise of determined threshold of field defers measure.
2. Instantaneous limit upon return of juncture of determinant defines congruence.
3. Postulate upon differential of field and interval of limit enters value.
4. Determinant return upon threshold of field denies variance.
5. Congruence upon dimension of integral postulate denies value.
6. Postulate upon integral return enters quotient.
