

THE EARTHQUAKE STOPPER MAZEIKAS

Pressure in tonation of determinant property of allocated inert wave concordance of field and pique of retention of longitudinal determinant entropy, confers isolation in tense of variable concordance of metric of anatomic retention of surplus of denial of pique of constant, in concordance of isometry of conference of property of allocated velocity of magnitude of selection of kilowatt property of determinant quotient of measure, upon tense of vibrational metric mitigation of atomic constant of pressure, upon tonation of field in candor of refrain in tonation of variable isolation of negative internment.
