

DREAM RECORDER  
PHILIP FRANCIS MAZEIKAS

Wave entropy upon neuron cosine interval of pique of location of photonic negation of inert volume upon retention of molecular quadratic velocity of inertia, confers ordinate constant upon retention of irregular quark isolation of inert sin longitudinal variance upon entropy of calculable allocation of inert isolation of internment of axis of neuron constant of irregular photonic negation of isolation of pique of nuclear asymmetry upon sin congruence of kilowatt volume of isotope of calculable isolation of wave negation of pulse.
